| PD Authorised By | General Manager, Service Innovation |

About South Eastern Melbourne PHN (SEMPHN)

South Eastern Melbourne Primary Health Network is a 'for-benefit' social enterprise working on behalf of the Australian Government to improve local health care. We want everyone in our community to be able to access the right care, in the right place, at the right time. We are working to achieve this goal by improving access to existing services, commissioning new services to improve health outcomes, and encouraging GPs and allied health practitioners to innovate and further improve local health care.

Our six key priorities are **mental health, Aboriginal and Torres Strait Islander health, population health, health workforce, digital health** and **aged care**. We partner with general practitioners, other primary health care providers, secondary care providers and hospitals to ensure improved outcomes for patients.

In joining our team, you'll be supporting providers in the southeast area which stretches from St Kilda to Sorrento to Bunyip, including the major population hubs of Clayton, Dandenong, Moorabbin, Caulfield, Cranbourne, Frankston and Pakenham.

Our Values

SEMPHNs values are at the heart of our work and shape what we do and how we do it.

Our values are Respect; Accountability; Collaboration; Excellence; Solution focused and Community focused.

All SEMPHN employees are required to understand these organisational values, integrate the values into their work and demonstrate behaviours which reflect these values.

About the Service Innovation Directorate

The Service Innovation Directorate leads change in the areas of commissioning services across the region enabling SEMPHN to both increase access to primary health care services and shape the system that delivers those services. This team provides the essential capacity in service design, including codesign and contract management necessary for intelligent and efficient commissioning activities.

Job Summary

The commissioning of mental health and AOD services in the SEMPHN catchment represents one of the key priorities for the organisation. As such, SEMPHN is looking for an individual to support the organisation's work in transitioning and redesigning Commonwealth funded mental health and AOD services in the catchment over the coming years and who has extensive experience in Mental Health.

The Service Development Officer will work with the Manager Service Development and liaise closely with other internal teams such as Service Innovation; Contracts; System Outcomes; Provider Support and external stakeholders to support the implementation of all aspects of the service development and commissioning framework. This includes working collaboratively with our stakeholders and consumers to support the commissioning of solutions in mental health through phased strategic and project planning, identification of gaps in health services, the co-design of new models of care as well as ensuring relevant outcome frameworks are determined that will measure performance.

To drive this change, this role will effectively manage contracts as well as build strong relationships with stakeholders to facilitate change in delivering services and building the capacity of providers to work within the mental health stepped care model, existing and newly redesigned models of care.

Key Responsibilities

Service Development

- Support the implementation of SEMPHN commissioned programs that help deliver equitable, effective and efficient health programs and initiatives, focusing principally on those programs and initiatives relating to mental health and AOD within regional and place based approaches.
- Effectively manage a timeline of tasks and deliverables.
- Use evidence based literature and data to inform and influence change and improvements.
- Assist with the development and implementation of key commissioning resources and develop outputs and outcomes that are measurable against contract deliverables.
- Develop and manage efficient and effective evaluation tools to monitor performance.

Stakeholder Engagement

- Engage with key internal and external stakeholders to promote a shared understanding and application of commissioning processes, including the provision of education and development of capability.
- Build and maintain strong relationships and actively engage with key stakeholders, consumers and community members developing capacity and influencing service outcomes.
- Effectively engage with and build upon stakeholder relationships that foster the co-design and delivery of innovative service models.
- Monitor contract performance via effective relationships with organisations delivering commissioned services.

Research, Planning and Development

- Investigate models of care and make recommendations that inform decisions on future service development (MH & AOD) initiatives.
- Support the design, development and implementation of new models of care fostering innovation and excellence.
- Participate in evaluations to inform future directions of commissioning processes.
- Participate in planning activities as identified by the Service Innovation team, in the development of innovative and sustainable solutions.
- Manage a timeline of tasks and deliverables that contribute to the delivery of the program/projects in the most effective and efficient manner for the commissioning of services.

Team Membership

- Promote, and maintain a positive and collaborative work environment.
- Identify opportunities to integrate and work collaboratively across other programs.
- Maintain effective relationships with internal and external stakeholders.

Quality

- Actively participate in, and contribute to a continuous culture of workplace quality improvement activities.
- Comply with all relevant legislation, regulations and professional standards.

Workplace Health and Safety

- Take reasonable care for own health and safety.
- Take reasonable care for the health and safety of others including the implementation of risk control measures within their control to prevent injuries or illnesses.
- Comply with all reasonable instruction of their manager/ supervisor to safeguard their health and safety.
- Cooperate with any reasonable SEMPHN's policies and/or procedures including the reporting of OH&S hazards or incidents.

Key Relationships

Internal

- General Manager, Service Innovation
- Service Innovation staff
- System Outcomes staff

External

- Mental health and drug and alcohol agencies in the catchment
- Consumers of mental health and drug and alcohol services in the catchment
- Other PHNs.
