Multi-disciplinary Management of Colorectal Cancer

SEMPHN together with Peninsula Health and SMICS invite GPs and practice nurses to attend an information evening on the multi-disciplinary management of colorectal cancer.

Dr Zee Wan Wong, Head of Oncology at Peninsula Health and her team will provide you with an evening update over dinner covering – surgical management of colorectal cancer, systemic therapies, management of liver metastases, and who needs radiotherapy.

Learning Outcomes
- Recognise signs and symptoms associated with recurrent, residual or metastatic disease
- Use Optimal Care Pathways to support and advise patients undergoing colorectal cancer treatment
- Identify referral pathways into Peninsula Health for colorectal cancer

Speakers
- Dr Zee Wan Wong
- Mr Stewart Skinner
- Dr Emma Beardsley
- Mr Peter Evans
- Dr David Blakey

Accreditation
4 Category 2 points pending
